Scan Global Logistics' acquisition of Airlog is now official

07 Mar, 2017 | Share 

Scan Global Logistics is pleased to announce that on March 6 2017, all the necessary conditions for the acquisition of Airlog Group AB have been officially approved.

Airlog's strong complementary business model and customer centric approach provides a perfect platform to strengthen the organization's services throughout the global network.

As described in the last year's announcement, 100% of Airlog Group AB will now be added to the already succeeding presence of Scan Global Logistics in the Nordic region. The integration serves as a key approach to solidify and secure a stronger position in the Nordic market and to continuously develop as one of the leading freight forwarders in the industry.

Driving the Business Forward

With Airlog on board, Scan Global Logistics takes advantage of the new resources to prioritize and extend the efforts for customer satisfaction. This was formulated to find more opportunity to deliver better solutions, making the most of the wider network to deliver excellent service by accommodating more seasoned specialists. Moving forward in developing flexible, dedicated and dynamic collaboration geared towards providing customized global supply chain solutions.

A full-service freight forwarder with offices in Sweden and Denmark focusing on small to mid-sized customers.

Airlog has established a solid position in air and ocean freight in Denmark and Sweden by leveraging its extensive network of global partners. In 2015, Airlog generated sales of SEK 417 million.
