

USA

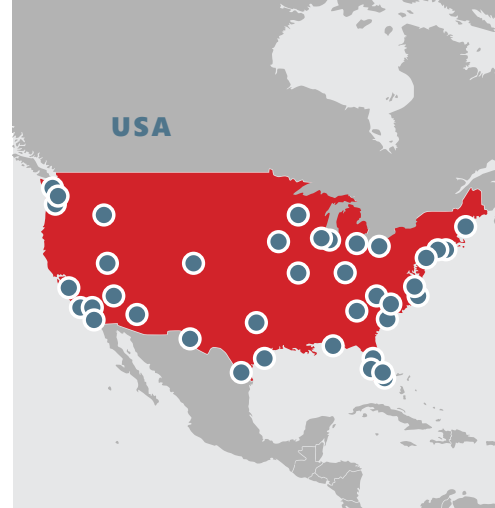

Did you know that USA's favorite candy is Reese's Peanut Butter Cups?

Reese's Peanut Butter Cups, the highly coveted treat around Halloween, Easter, or even at the checkout line at the grocery store – are famed for their chocolate cup with peanut butter filling. In fact, Americans love these popular sweets so much that the annual production could feed one cup to every person in the USA, Europe, Australia, Japan, China, Africa, and India.

That's a lot of peanut butter, making the US a top importer, averaging about 75,000 tons annually.
