# Investing & strengthening Industrial Projects and Renewable Energy

Mar 14, 2017 | Share 

**In the 30 years of SGL handling Aid & Development projects, we have proven our expertise and the value we bring to our customers year in and year out. And with our established teams and strategies we want to expand our efforts in this sector by sourcing new possibilities through Industrial Projects and Renewable Energy. We are now taking the step to boost our ADP in driving new businesses and forming stronger ties with our existing customers by investing in great resources.**

We welcome two new outstanding colleagues to increase & strengthen the focus outside the Aid and Development business of SGL group.

Taking up the position as the Global Head of Industrial Projects & Renewable Energy,

**Kim Sønderby Hansen** brings with him 30 years of experiences and establishment of successful project organizations, sector approach and breakthroughs in progressive growth rates and financial results for the Nordics and Baltics.

In addition, **Tim Johansen** has joined as our new Head of Department Industrial Projects & Renewable Energy - Kastrup. With his wealth in operational expertise, sales, safety and project management, he will be focused on project & sector development. The existing infrastructure of the ADP sector will benefit from proven leadership, sector focus and high ambition to grow.

**Alex Olsen** from our mainland branch & **Tim** will have reporting line to Kim. We equip ourselves with not only advance technologies, tools and knowledge, but we also seek to acquire the best of the best qualified professionals for the job.
