## New major Asian transport project by Siemens Gamesa Renewable Energy

27 Mar, 2020 | Share

Even though Covid-19 is all around us, the world has not come to a halt. We have just been awarded a major transport project by Siemens Gamesa Renewable Energy.

The project is already in effect and the first 44 x SG 8.0-167 DD turbines are on their way from Aalborg, Denmark to Taiwan.

We are signed on to handle the transportation all main components covering the ambitious Yunlin Offshore Wind Farm, Phase 1.

The Yunlin Offshore Wind Farm project is scheduled for erection in the waters of the Strait of Taiwan in the first half of 2020.
